

RESOLUTION NO. 2008-1829

**A RESOLUTION OF THE TOWN COMMISSION OF
THE TOWN OF SURFSIDE, FLORIDA, ADOPTING
A LOCAL RECREATIONAL TRAIL SYSTEM AND
PLAN FOR DISSEMINATION, PROVIDING FOR AN
EFFECTIVE DATE;**

WHEREAS, the Town of Surfside intends to apply for a Florida Communities Trust ("FCT") Grant through the Florida Department of Community Affairs; and

WHEREAS, in support of its FCT grant application, the Town Commission has determined that it is in the best interests of the Town to adopt a Local Recreational Trail System ("Trail System") and a plan for disseminating said Trail System as described in the document attached hereto as Exhibit "A".

**NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COMMISSION
OF THE TOWN OF SURFSIDE, FLORIDA, AS FOLLOWS:**

Section 1. Recitals Adopted. That each of the above stated recitals are hereby adopted, confirmed, and incorporated herein.

Section 2. Local Recreational Trail System. The Town Commission hereby adopts the Trail System and dissemination plan described in Exhibit "A."

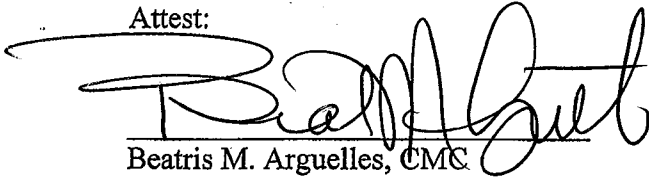

Section 3. Effective Date. That this Resolution shall be effective immediately upon adoption.

PASSED and ADOPTED on this 8th day of April, 2008.

Charles W. Burkett, Mayor

Attest:

Beatris M. Arguelles, CMC
Town Clerk

**APPROVED AND TO FORM AND
LEGAL SUFFICIENCY:**

Lynn M. Dannheisser, Town Attorney

Ordinance No. _____

Town of Surfside

To: Gary Word, Town Manager

From: Stacie Barrett, Recreation Supervisor

Date: April 15, 2008

Subject: Recreational Trail Map for FCT

A request was made by Amy Adams to contact Miami-Dade County Parks and Recreation to learn how the Town of Surfside can tie into their regional trail network. According to Mark Heinicke, Park Planner III for Miami Dade County Parks and Recreation, the Town of Surfside is already apart of the regional recreational corridor. The justification is through The Atlantic Trail, which is part of the North Dade Greenways Master Plan, which was adopted in November 1998. The resolution can be done through the Atlantic Trail and proposed East Coast Greenway to be part of the regional corridor. Attached are maps displaying the connectivity through the adopted programs.

Hi Stacie,

You are welcome! You are already part of a regional recreational corridor if you tie into The Atlantic Trail which is part of the North Dade Greenways Master Plan adopted November 1998. If Surfside wants to have their own resolution and you tie into the proposed Atlantic Trail and proposed East Coast Greenway then you would be part of regional corridor.

Mark

Hi Mark,

Thank you for taking the time and working with me regarding this issue. You were correct, I was not able to open the files. I will be coming downtown on Monday to pick up the maps.

If you can clarify a question for me, we need to be able to adopt via a resolution to become apart of the regional recreation corridor for Miami-Dade. With the information you are providing me, will we be able to do this?

Thank you again and I appreciate your assistance.

Stacie N. Barrett, CPRP
Recreation Supervisor

Subject: Miami-Dade County Trail Plans

Hi Stacie,

It was nice talking to you about the Town of Surfside recreational trail system. I would mention in your plan ties to the Miami-Dade County greenway network. More specifically mention ties to the proposed Atlantic Trail and the proposed East Coast Greenway (Key West FL. to Calais, ME) see (<http://www.greenway.org/>) and attached March 2008 report.

Please see attached 2007 MPO map of shared-use paved paths for the County and 2007 MPO map of major bikeways showing existing or under construction roads with bike lanes, paved paths, and roads with paved shoulders.

The Atlantic Trail follows recommendations of the North Dade Greenways Master Plan (NDGMP) which was prepared by the graduate program in landscape architecture at FIU December, 1997 and adopted by the Metropolitan Planning Organization (MPO) November, 1998. The NDGMP is an integrated system of 24 proposed greenways occupying canal, railroad, utility easements and road rights-of-way. Over 308 linear miles of non-motorized transportation corridors are proposed providing a network of paths, lanes, and trails for bicyclists and pedestrians while enhancing ecological connectivity and landscape aesthetics (see http://www.miamidade.gov/mpo/docs/MPO_ndgw_final_1997.pdf). It transverses the area from north Kendall Drive to the Broward County line, and Biscayne Bay to Krome Avenue.

The Atlantic Trail ties into the Snake Creek Trail, Oleta River Link, and the Venetian Trail. I'll go ahead and print out a County Greenway Network Plan for you and the East Coast Greenway map. Please feel free to contact me if you have any questions at the number below. You could also try, David Henderson, the Bicycle/Pedestrian Coordinator, at (305) 375-4507 or davidh@miamidade.gov. Thanks.
